## SECTION 2: WASTE DISPOSAL AND RECYCLING DISPOSAL PLAN COMPLIANCE

Diversion Form documentation (i.e. copies of receipts and weigh bills) attached

Tonnes of recyclable material managed as authorized (i.e. non-hazardous materials taken to a Recycling Facility) = \_\_\_\_\_ = "A"

Tonnes disposed (i.e. non-hazardous materials removed to a Disposal Facility) = \_\_\_\_\_ = "B"

Total weight of non-hazardous materials from demolition = \_\_\_\_\_ = A + B = Total

Level of Compliance =  $(A \div \text{Total}) \times 100 = \text{_____} \% = \text{"C"}$  (use for refund calculation)

## SECTION 3: CONSTRUCTION AND DEMOLITION WASTE DIVERSION PLAN

Waste Disposal and Recycling Services Fee paid (from Construction and Demolition Waste Diversion Form Permit Application) \$ \_\_\_\_\_ = "D" (use for refund calculation)

Refund calculated as follows:

If "C" is 70% or greater than D = Refund = \$ \_\_\_\_\_

If C is less than 70%, then  $(C+70) \times (D) = \text{Refund} = \$ \text{_____}$

The applicant acknowledges that the information provided and copies of required documentation (i.e. copies of weigh bills and receipts) are complete and accurate and will be used to determine the Waste Diversion Deposit Refund amount.
