» **[Release of Closed Meeting Decision – New City Hall](#)**

City Council released a decision from a closed meeting held earlier in the day on September 9. Based on policy advice and recommendations, City Council reconfirmed its decision to no longer consider renovating the current City Hall building due a variety of reasons including cost, the challenges of relocating staff and operations and the fact that the renovated building would still be too small to meet the needs of our growing city. Staff have been asked to bring forward options in the coming months for a new City Hall building in the Deer Lake area.
