

SAFE COMMUNITY SERIES

HIGHLIGHTS

ENHANCING HOME SECURITY — SESSION SUMMARY

HERE'S WHAT YOU MISSED (Feb 6, 2025):

Residential break and enters can happen at any time of the day and aren't always quick.

Protect yourself and your home by:

- always locking your doors, even when you're home
- using additional locks such as dowels
- installing alarms and cameras

Enhance your security through environmental design by:

- installing sufficient lighting to increase visibility
- trimming bushes to 1 meter and removing lower branches on trees up to 2.5 meters
- using fences, gates and signage to define boundaries
- maintaining your property, repairing any damages and keeping the area clean
